

## OUR PHILOSOPHY

Provide quality education that is fun, creative and enjoyable.

## OUR MISSION

Build foundation for Life-long Learning.  
Create a learning environment that allows children to learn at their own pace.

## WHO WE ARE

Joyhouse is registered with the Ministry of Education. Our Centre is managed by a group of qualified and experienced teachers/ graduates and professionals. Joyhouse is a place where learning is a JOY.

## STUDENT CARE SERVICES

Our student care services helps parents to look after their children while they are at work. We provide a clean, safe and conducive environment for learning

Our team of trained, dedicated and experienced teachers will guide and monitor your child's school work daily and also help to impart a strong sense of ethics, moral values and life skills to them. Our trained teachers will also provide necessary guidance that would motivate them to discover his/her potential and achieve his/her very best.

Our student care service is led by Mr Teo (MBA Finance, CPA) an experienced educator with many years of teaching experience in Mathematics and Principles of Accounts

*"Children learn best in an environment of love & teaching excellence"*

## STUDY AND COACHING TIME

We have dedicated, experienced and qualified teachers to coach and supervise your child's school work.

## OUTDOOR ACTIVITIES

We provide outdoor activities for our student care students during school holidays.

## CHARACTER DEVELOPMENT

We also conduct character development lessons during school holidays to help to develop their social and emotional well-being.

## EXCURSIONS AND OUTDOOR ACTIVITIES

We conduct weekly excursion trips and daily outdoor activities to help students to unwind during school holidays.

## TUITION CLASSES

We offer tuition classes at affordable rates. Subjects offered:

### Primary level Tuition

English, Maths, Science, Chinese, Chinese Creative Writing, Higher Order & Problem Solving Maths.

### Secondary level Tuition

English, Mathematics, Chinese, E Maths, A Maths, Physics, Chemistry and Principles of Accounts.

Our class has a maximum of 5 pupils as we know the importance of small class size. Ample attention for each and every pupil is ensured. We provide parent with constant feedback on the child's progress.

## OUR TUTORS

We have a team of dedicated and experienced tutors with successful track records in helping students excel in their examinations. Most of our tutors are University graduates; MOE trained teachers, and are familiar with the latest MOE syllabus. Most importantly all our tutors have great passion for teaching and desire to help students do well in their examinations. Brief profiles of some of our tutors are as follows:

### MR TEO SOON HOCK [MBA (Finance), CPA]

Mr. Teo had more than 20 years teaching experience in Mathematics, Principles of Accounts, English and Science. He specialises in Problems Solving in Mathematics and Principles of Accounts. More than 95% of the students taught scored A/A\* for their PSLE Maths examinations. Lately, he also teaches Maths remedial class to help the underperformed students in a primary school. All the underperformed students passed their PSLE Maths.

### MR YAN KOW CHEONG [B. Sc, M. Ed]

Mr. Yan is a mathematics consultant for *MATHPLUS Consultancy*. He has been active on the educational scene for over two decades with mathematics teaching appointments at the *ACS (Independent)*, *NUS Extension*, *Institute of Technical Education*, and

*Singapore Science Centre*. He regularly conducts workshops and seminars for primary and secondary students, teachers and parents.

He currently consults as a *Mathematics Specialist* for two leading local publishing houses, and also writes a regular column on Aha! Maths in the *YG Singapore*. Besides editing primary and secondary MOE-approved textbooks, co-writing Teachers' Guides, and ghost-writing assessment titles, he had also written contest questions and on-line assessment tests, and course materials for CD-ROMs. His academic interests involve research in mathematics education, in particular, the psychology of learning and teaching mathematics, and problem solving.

### MS WENDY MA

Ms Ma graduated from the Tianjin University. She is our Chinese tutor with more than 5 years teaching experience in Singapore and is familiar with the MOE syllabus. She has taught in language schools, tuition centres and supplementary classes in government schools, including the top schools and gifted programmes for both higher and ordinary Chinese. More than 95% of the students she taught scored A/A\* for their PSLE examinations.

### MR DUNCAN YANG [Diploma in Chemical Engineering]

Mr. Duncan Yang had many years of teaching experience tutoring students in Chemistry, Physics and Science subjects at both Primary and Secondary levels.
